Summer 2 – Year 3- Handball (Invasion Games)

Knowledge Organiser Handball Year 3

About this Unit

Handball is an invasion game. An invasion game is a game where two teams play against each other. You invade (enter) the other team's space to try to score goals. Handball is often described as a mix of football and basketball.

In invasion games you can use simple tactics to help you. A key tactic you will use in this unit when attacking is to spread out. By spreading out, it helps to support your teammate with the ball by giving them an option to pass to. It will also help to move defenders apart and force them to make decisions about who to defend.

Invasion Games Key Principles

attacking	defending
score goals	stop goals
create space	deny space
maintain possession	gain possession
move the ball towards goal	

Can you think of any other invasion games that share these principles?

Tactics

The rule of three:

- If you have the ball in your hands you can take up to three steps then you either have to pass or shoot.
- Can only hold the ball for three seconds if standing with the ball.

Free pass:

- If a rule is broken or the ball goes out of play, a free pass is awarded to the other team. All players must be three big steps away from the person taking the free pass.

Using tactics will help your team to maintain possession and score goals or gain possession and stop goals.
